

Mahatav Arora

SUO  ELECTION
2025/2026

Presidential Candidate

I

As a dedicated UBC Okanagan student, I am passionate about transparency, food security, and improving public transit. My leadership in student-led initiatives has allowed me to develop real solutions that benefit our campus community while empowering students to grow in their skills and confidence.

M

As Co-President, I have led an automated drone project for UBC Parking, collaborating with a talented team to develop AI-powered license plate detection. This experience has strengthened my skills in problem-solving, teamwork, and collaboration with campus administration to drive meaningful change. Beyond technical development, I have fostered a project-oriented mindset, encouraging skill-building and hands-on learning.

A

H

Beyond technology, I contribute to student media through The Phoenix News, ensuring that student voices are heard and campus issues are addressed. I believe in leadership that prioritizes communication, transparency, and action, and I will bring these values to the SUO.

A

T

As Director of Corporate Relations for UBCO's Aerospace Research & Robotics Club (ARRC), I have secured over \$10,000 in funding to support student-led projects, attracted major companies to hire co-op students from UBC Okanagan, and helped students find co-op placements by connecting them with industry employers.

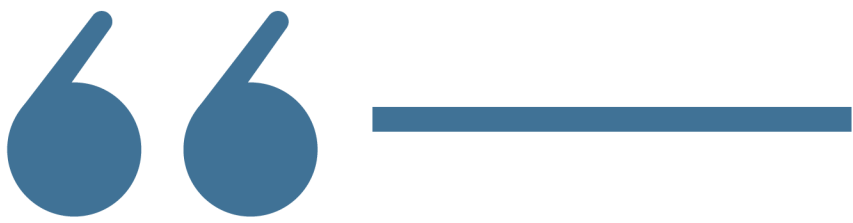

A

My experience as a machine learning team member and team lead in Heat Robotics and ARRC has allowed me to represent UBC Okanagan nationally and internationally.

V

If elected president of the SUO, I will advocate for greater transparency, improved food security, and better public transit options. Let's work together to create meaningful change at UBCO!

SUO ELECTION
2025/2026

Platform points

- I'll redirect \$10,000 of my salary to The Phoenix News for investigative journalism and use the rest for free midterm snacks.
- I'll push for MSA and EngSoc credit cards, expand the SUO pantry, and introduce pop-up food services.

M

- For transit, I'll lobby for better Route 84 service and expanded coverage.

A

- I'll establish a fraternity oversight council to improve safety and ensure event accountability. Transparency, food security, and transit are my priorities for SUO!
