Jessica Goel

Director-at-Large Candidate

"
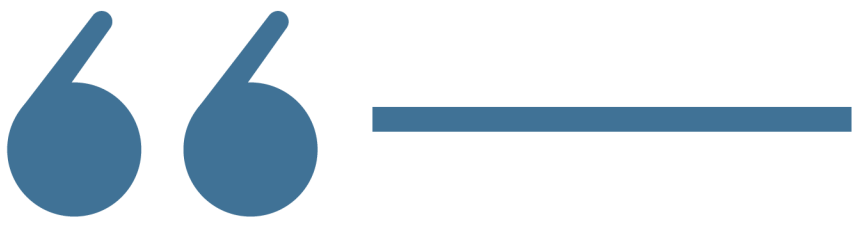

JESSICA

Hi! I'm Jessica Goel, and I'm running for Director-at-Large to build a more inclusive and supportive campus community.

My experience in campus-wide hackathons has strengthened my teamwork and problem-solving skills under pressure. Leading teams in high-stakes environments, class projects, and a VR research study group for AKM Amanat Ullah have refined my leadership abilities. As a Junior Events Assistant on the Age Link team, I've helped organize meaningful intergenerational events.

I've built strong connections across student groups, from KDT (SUO K-Pop Club) to Giddha Club, fostering cultural inclusivity and collaboration. My work as a career fair assistant and STEM instructor at Sharanya in Delhi have further prepared me to advocate for students and bridge diverse communities.

If elected, I'll amplify the voices of marginalized groups, strengthen connections between student associations, and ensure transparency in board decisions. I believe student initiatives drive real change, and I'm committed to making every event and project a success. I'm approachable, organized, and dedicated to representing student voices.

Let's work together to bring fresh ideas and stronger student advocacy. Thank you for your support!

"

Platform points

J
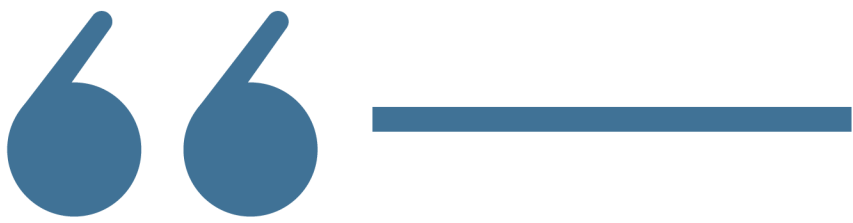

1. Ensure reports to SVPRO lead to immediate action and real accountability.

2. Help students understand where co-op jobs are available and provide direct alumni connections to improve job prospects.

3. Improve accessibility and awareness of mental health support on campus.

4. Make events and student spaces more inclusive and welcoming for everyone.
