

## SUO By-Election 2022/2023

### Candidate for Faculty of Health and Social Development Student Representative

#### Grace Halpin

Hello! My name is Grace Halpin and I am a third year Human Kinetics student. I am running for re-election for the position of Faculty of Health and Social Development Student Representative. I have held this faculty representative position since June 2021 and have become well-versed in the SUO Bylaws, Regulations, and operations. My goal for this position is to make sure health and wellness is at the forefront of the work we do within the SUO. The Faculty of Health and Social Development deserves to be effectively represented and I believe I have relevant and suitable experience to be re-elected for this position!

I have sat on various SUO and UBC committees that have provided a strong framework that I will use to enhance the student body. Another goal I have is to connect the SUO and UBCO Recreation through collaboration and more partnerships. Creating a space for physical and mental health is extremely important on this

campus and I will ensure that the work I do promotes and supports a healthy campus. Thank you for voting for me.
