

SUO By-Election 2022/2023

Candidate for Faculty of Arts and Social Sciences Student Representative

Twinkle Hora

My name is Twinkle Hora and I am in my third year studying psychology with the aim of pursuing a career in law. I have been involved with the SUO since September 2021 as a volunteer. I helped out with tabling, advocacy, promotion of different events, setup and take down. I also sit as a student at large on VP External Cade's campaigns committee and help out with that. I am very passionate about mental health, climate change and spreading kindness. Ever since I have been involved with the SUO I have gained many skills such as public speaking, communication, leadership and confidence. I have grown as an individual in the past year. All of these skills will help me throughout my life. I was a residence advisor on campus last year which has also helped me realize how much I love helping others and being involved in my community. I truly believe that your university life experience is what you make it and that is why I do things that make me happy and grab every opportunity that comes my way. By being the Faculty of Arts and Social Sciences Representative, I want to be the voice of the students and

make their university experience memorable. I am extremely excited for this opportunity, to continue to learn and grow as a person. I am thankful for the SUO for giving me the chance to get involved and volunteer. I am looking forward to what the future holds for me.

Platform points:

1. I want to make mental health resources more easily accessible for students
2. I want to have better academic advising support for students in my faculty
3. I want to have 'meet your major mates' which can be a recurring event every month or so for students to meet others in the arts faculty with their major.
