

Aziz Khowaja

**SUO GENERAL
ELECTION 2023**

Director-at-Large Candidate

Hi, I'm Aziz Ali Khowaja and I am currently a first-year management student. I am an international student from Pakistan. I will be contesting the upcoming elections for the position of Director at Large for the year 2023-2024. Back home, I was a Patrol Leader of the Pakistan Boy Scouts where I learnt many useful skills such as time management, leadership skills, and the importance of a team. I love interacting with people and getting to know them.

My favorite sports are soccer, volleyball and polo. Being a lively and fun person, I love to travel, go for camping, attend parties, dance and make Tik Toks. My friendly nature makes me easily approachable. My priority is to form a genuine connection with all the students, staff and admin members in order to come forth as their voice. I would also be volunteering my time to help the executives achieve their goals and make events successful.

Holding such an important position in the SUO means being responsible and committed and I feel that I am ready to be the Director-at-Large.
