**SUO GENERAL
ELECTION 2023**

Vice-President Campus Life Candidate

As a second-year student whose been part of numerous clubs including the PSA and SASA as well as starting my own this year (The men's well-being clubs), I've made it my initiative as a student of UBC Okanagan to understand the problems I and my peers face every day. As the social person I am, I have encountered hundreds if not thousands of individuals who have all voiced various concerns regarding the campus to me, and thus have made it my prerogative to be the change that we all want to see in this beautiful establishment. As high school speech and debate world champions in 2019 and 2020 respectively, I have learned how to articulate ideas convincingly and portray a true initiative to strive for greatness. Not only am I an academic, but as an avid basketball and soccer player and social savant, I have come across people from every demographic, informing me with insightful information I can use to help everyone's voice be heard. I've never been one to say no to a challenge, and the dedication I preserve for my passions such as the SUO is on par with nobody. I look forward to serving the student body and elevating everyone's experience along this journey.
