

Japnit Singh

**SUO ✓ GENERAL
ELECTION 2024**

Vice-President External Candidate

As I progress through my Bachelor's degree in Management at UBC Okanagan, I've come to realize that my academic journey is just the beginning. I'm all about getting involved in leading and helping where I can, because that's where I feel like I'm doing what I love most.

In my role as Director-at-Large, I poured my heart into creating memorable events like cookie decorating and FIFA tournaments that brought smiles and laughter to our campus, knitting our student community closer together. Working hand-in-hand with the Students' Union Okanagan, I threw my support behind initiatives that mattered to us all, taking part in EXPO to showcase the vibrant life we lead here. I also rolled up my sleeves and got involved with the SUO Policy and Campus Life Committees. My mission was clear: to boost student engagement, push for policies that make real differences, and help cultivate a campus atmosphere where everyone feels at home, valued, and heard. It was all about making sure our collective voice had the power to shape the university experience we all share.

As I vie for the Vice-President External position, I am motivated to draw upon my extensive experience from my transformative work with the NGO and my influential tenure as Director-at-Large. My goal is to strengthen UBC-O's relationships with external organizations, local communities, and other educational institutions. It's about building bridges, fostering unity, and taking student advocacy to unprecedented levels. With me, Japnit Singh, at the helm, I'm ready.
