

**ALI WASTI**

**SUO GENERAL  
ELECTION 2026**

**Faculty of Health & Social Development  
Representative Candidate**

Hello everyone, my name is Ali Wasti, I am currently pursuing a bachelor's in Health and Exercise Sciences at University of British Columbia (Okanagan). I am honored to stand for the upcoming election as the Faculty Representative for Health and Social Development. I am committed to representing your voices and advocating for the issues students have.

My SUO experience, includes being elected as the Health and Social Development Representative since the past year and half, along with working directly with executive members on multiple committees, like the Finance and Oversight Committee. In addition, I was appointed by the board of directors as interim Faculty Representative for Health and Social Development in June 2024 and have served since then, where I have been an active contributor in volunteering for events.

I have a diverse background in volunteer work at hospitals and health care facilities, as well as being a part various positions in student council. Throughout high school, I served on the student council being the house leader and working as an event organiser. This has equipped me with a deep understanding of the challenges and opportunities we face as students in the Health and Social Development Faculty.

As your Faculty Representative, I aim to be an approachable and proactive advocate for all students in Health and Social Development. I will work tirelessly to ensure that your concerns are addressed at the board level, and I am committed to enhancing and supporting your university experience.

I look forward to the opportunity to represent you and to make meaningful contributions to our faculty and university community.
