

**FIKAYO ADELEKE**

**SUO GENERAL  
ELECTION 2026**

**Director-at-Large Candidate**

Michael Jordan once said "Earn your leadership every day." I have chosen to live by these words and, if elected, I will prove everyday through my actions that I was the right choice.

My name is Fikayo Adeleke. I am a third year PPE student , doing a Dual Degree Masters in Management. I am South African born and raised. I have had multiple roles on this campus. My journey as a student leader started as a junior executive within ACSC, and within a year, I was able to work my way up to president . Through this, as an experienced president, I have seen the challenges student associations face.

I have been on this campus for three years and have seen all the changes. I know students are feeling scared for the future of this campus. Many students do not feel as though their voices are heard. I want to change this. I want to make sure student voices are heard. I want to help bridge the gap in communication. I want students to know that someone is listening to them and their concerns.
