

SAANJH JAURA

**SUO GENERAL
ELECTION 2026**

Director-at-Large Candidate

My name is Saanjh, and I am a second-year Computer Science student at UBC Okanagan. I currently serve as the VP Student Relations for the Computer Science Course Union, where I work closely with students to improve engagement and make sure people feel heard and included.

Being involved in student leadership has shown me how much effort goes into representing students. properly. It's not just about hosting events, it's about communication, collaboration, and making sure students feel comfortable bringing forward their concerns.

S

I am running for Director at Large because I want to contribute beyond my faculty and help represent the broader student body. I value hearing different perspectives, including those from marginalized and underrepresented groups, and bringing those voices forward in board discussions. I am prepared to dedicate the time needed to attend meetings, stay engaged with executive communications, and actively support campus initiatives.

I'm approachable, dependable, and ready to contribute thoughtfully and responsibly. I'm excited about the opportunity to serve students across campus and help strengthen our university community

Platform points:

- Improve communication between students and the Board.
- Speak up for student concerns during policy decisions.
- Encourage inclusive and thoughtful governance.
- Be present, prepared, and accountable in the meetings.
