JITEESH REDDY

SUO 2026 BY-ELECTION

Director-at-Large Candidate

JITESH

I'm running for Director-at-Large because I believe every UBCO student deserves to feel connected to their campus and have a voice in their university experience.

Throughout high school, I've taken on leadership roles that taught me how to bring people together and turn ideas into action. As Head of Student Council and Director of Varsity Sports India, I've gained experience representing students, leading teams, and building initiatives that reached thousands of young people.

At UBCO, my vision is simple: First Year. First Voice. As a first-year student, I want to ensure that new students feel represented from day one. I'll advocate for greater transparency and value from student fees, more accessible student representation, and a campus that will strengthen our community.

I'm committed to fighting for House Wars, an inter-residence competition bringing students together through sports, trivia, gaming, and other activities. I also want to push for a fair and transparent framework allowing eligible student clubs and unions to endorse candidates in SUO elections, giving student organizations a more formal voice in the democratic process.

Beyond this, I'll advocate for more campus activities, creating more opportunities for students to participate and fighting for more student value. I'm running to make sure first-year students aren't just finding their place at UBCO, but helping shape it. Together, let's bring UBCO to life.

Platform points

1. HOUSE WARS - Fight to introduce an inter-residence competition featuring sports, trivia, gaming, and creative challenges to build campus spirit and community.

2. GIVE STUDENT ORGANIZATIONS A VOICE - Push for a fair, transparent framework allowing eligible student clubs and unions to endorse candidates in SUO elections, encouraging greater participation and engagement in student democracy.

3. MORE CAMPUS ACTIVITIES - Advocate for more events throughout the academic year, working with student organizations to create activities that bring people together beyond the classroom.

4. MAKE STUDENT FEES COUNT - Push for greater transparency around student fees and SUO spending, with a focus on accountability and delivering meaningful value to students.

5. FIRST YEAR. FIRST VOICE. - Advocate for stronger first-year representation and more accessible ways for students to raise concerns, share ideas, and have their voices heard in SUO decision-making.
