# MANSI SHARMA

SUO 2026 BY-ELECTION

## Faculty of Management
## Student Representative Candidate

MANSI

Hello everyone, my name is Mansi Sharma, I am currently pursuing a bachelor's in Management at University of British Columbia (Okanagan). I am honored to stand for the upcoming by-election as the Faculty Representative for Management and Commerce. I am committed to representing your voices and advocating for the issues students have.

I have a diverse background in student leadership at UBC Okanagan, including serving as Vice President of Marketing for the Marketing Club and as an Academics Committee member with the Management Student Association (MSA). I was also part of the on-campus tax clinic, a student-run initiative that helps fellow students complete their yearly tax returns. Since May 2026, I have served as the interim Faculty Representative for the Faculty of Management, advocating for students and bringing their concerns to the faculty level. These experiences have given me a deep understanding of the challenges and opportunities we face as students in the Faculty of Management. I am now running in the by-election to continue serving as your Faculty Representative.

As your Faculty Representative, I strive to become a person whom you can always rely on and turn to whenever you need help and support in all matters related to Management and Commerce. It is my primary goal to be there when you need me and try to help you as much as possible. I really hope that this will give me a chance to help our faculty and university in some way.

1. Increased Student Support and Well-being: It is my desire to collaborate with the faculty and the student services team to develop accessible mental health programs and support systems suited to our specific needs.

2. Academic and Professional Growth: It is my philosophy that there should be a clear link between academic knowledge and professional experience. I am going to promote career workshops, networking events, and collaborations with other local organizations that can offer us opportunities for both personal and professional growth.

3. Clear and Efficient Communication: It is my intention that every student be heard. I will provide effective ways to communicate with me directly through feedback forums and other forms of communication channels.
